

CARING INSTRUCTIONS FOR YOUR ART PRINTS

Now that your art prints are on their way to you, here are some instructions on how to handle and care for them. This artwork has been printed onto Hahnemule Photo Rag Paper, which is a high quality paper specifically used for Fine Art. The handmade fine art paper is very sensitive. And so to avoid fingerprints, smudges or grease stains, I therefore recommend wearing cotton gloves when hanging the print and cleaning the image with a feather duster or microfiber cloth.
